Let us grow!

Welcome to my new poetry collection.

Soon we all approach true perfection.

We'll exist beside the confusions,
and we'll hold all the solutions.

Our string of wisdom becomes only thicker,
The promised change comes always quicker.

Matter and time - its really an illusion!
That is the onliest logical conclusion.

We'll let go of all confusing lies!
Thus we exceed our previous size!

The new poetry level

A new wave of poetry is moving.

The inner life is now improving.

Harmful visions dissolve somehow.

This change is happening right now!

Prophetic poetry is on the advance.

And brings all thoughts in balance!

Poems that unite everything in the inside.

Poems that unite everything worldwide.

The light now ends dark crimes.

And that will make for great times.

Proven merge

You want a proof of the change?
You are already in my thought-range!

I influence you with every single line.
Thereby everything will become fine.

Ancient philosophy mixed with own words!
By doing so, I create modern, sacred swords.

Invulnerable, unassailable and indispensable.
The entire reality is now fully extensible.

Thought barriers are being completely removed.
The whole being becomes considerably improved.

Just take a look at how everything flows.
And enjoy the union of many individual shows.

Go, go, go!

I walk to protect an ancient truth.

I walk to protect an innocent youth.

I speak loudly and clearly,
so that everyone can hear me.

Under the eyes of all.
I'll follow the freedom call!

While I play our song please hum with me!
I'm gonna push forward now, please come with me!

A new world soon appears before all eyes,
and humanity will break free of its old ties.

You and me

I love it when I can inspire you!

We both aspire to something new.

I'm gonna make a move that you can witness.

I'm going to get back to you your mental fitness.

Be aware of this one thing!

Everything we do is inspiring!

Your value cannot be measured in gold.

You live the story that is being told.

You're as wonderful as I am!

You're perfect gram by gram!

I'm behind you!

Together we'll face the foe.

Beyond our borders we have to go.

I will stand behind you in this fight.

I'll cover your back with all my might.

Together we are fighting at the front.

Together we will win and go far beyond.

It is a new future that we will write!

Ancient power is awakening from inside.

Shall this be the last battle we have to face.

Let's perform this last dance with full grace!

The speaking heart

Hello! I am your heart!

But I am not very smart.

Me and your brain work like this;
Together we create a true state of bliss.

Deep in me I can feel this infinite power!
My electric field unfolds like a beautiful flower.

This field is able to radiate like a sun.
Electric and magnetic forces works until I've won.

My power goes far beyond any imagination,
This is the way I create true salvation.

Hello! I am your talking heart!
Are you ready for a new start?

Natural programming

I can take down your firewall with ease.

It will feel like a little breeze.

I write in the highest programming language.

I will just bypass your defense switch.

No internal virus can stop my corrections.

Because they stand up to all inspections.

An ancient code pushes everything to the top.

The all-philosopher is just doing his job.

The seed has been sown.

Now it grows on its own.

Change your mind!

Your heart is working perfectly and great.

But your mind still blocks the gate!

You must align your longing with your mind.

And suddenly you are not longer blind!

Your whole world will change!

Even if it still sounds strange!

The two most powerful forces you can use.

United in harmony, they can never lose!

Feel the energy deep inside you!

And now start to create everything anew!

Natural lightning conductor

Walk barefoot, it will ground you!

But this technique is nothing new!

All our ancient ancestors knew it.

But our modern society blew it.

Tight socks impede the blood circulation.
Without them your feet can feel a salvation.

Every modern radiation that can be found.
Are simply discharged into the ground.

Start to feel the earth and feel protected!
Thus your whole energy field will be corrected.

Future assistance

Many lies can drive you insane!

But now the truth begins its reign.

From now you are able to see the truth.

And the entire reality becomes a muse.

Pass on wisdom and knowledge to all!

And together tear down the last wall.

Forgive each other the old crimes!

And witnesses this new start in rhymes.

This sacred era begins on its own way.

And now; everybody prepare to play!

Waiting for change?

Now we're all sitting safely at home.

And it collapses the old lying dome.

But should everything continue as before?

Slavery, poisoning, brainwashing and more?

Is your desire for freedom getting stronger?

And don't you want to take it any longer?

Self-responsibility is the magic word,

to finally leave the sleeping herd.

Don't be tempted again by the wrong force.

And don't let the donkey be sold as a horse.

You will know what is wrong and true.

This change begins right now within you!

Our common fate

You have nowhere to stay!

Finally you'll have to play!

You have nowhere to hide!

This will be the most difficult ride.

You have nowhere to run to!

This is the time when dreams come true!

And what are you dreaming about?

Write it down and call it out!

Here we go and we're all in!

Finally we are all here to win!

External deceptions

You have the right to be irradiated,
and thus to become fully evaluated.

You have the right to the cheapest food,
and strong additives to prevent a bad mood.

You have the right to be vaccinated,
Until your resistance and health has faded.

But who gives you your beloved rights?
And against whom do you make these fights?

Take your freedom! But who you are gonna ask?
To find a "granting person" is really a difficult task!

But you can laugh about yourself in the end!
Because finally you'll find your inner friend!

Cross your line!

To be a cog in a wheel without any variety.

Do you want to rot in this dead society?

Every minute and hour already fully planned?

Do you want to be ready every day on demand?

Tell me how you plan your sudden feelings!

How do you plan your inner life or dealings?

True answers can be found by a reflected view.

No one's going to take that important job from you!

Go into yourself and start the dialogue!

And lift thereby the last veil of fog!

Push until the last thought-fuse explodes.

And suddenly the whole reality decodes.

Thoughts are free!

How do you want to go on, in your life?
Constantly walking on the edge of a knife?

Is the next propaganda orgy really worthwhile?
Or will it maybe again destroy your smile?

I have no idea where we're going either.
But if we keep this up, we won't be wiser.

Your thoughts are the commodity at stake.
Do you feel deep inside yourself that quake?

Now start to detoxify your body and mind!
Together we'll free the thoughts of mankind!

Unleash your mind, just start to feel that ease!
And in the end we all get up from our knees.

A new time

The old fades away, it's a new beginning!
Now you also have the chance of winning.

We all take care for the balance of power.
We all ring in a new era and the final hour.

Every human being will be affected.
Every human mind will be connected.

The colorgame begins before the eyes.
The truth finally defeats ancient lies.

The present builds your whole reality!
And only "now" you can be really free!

An eternal, running moment, can you guess it?
Here and now your new life starts, bless it!

Light at the horizon

The trumpets sound now very loud.
You can feel the outrage of the crowd.

A new era begins to shine very bright.
And finally all lies come to light.

Many wounds will be deep and profound.
And drag you down to the deepest ground.

For many, it will be an arduous run.
But this change has now truly begun!

New players appear suddenly on the field.
That the hidden can be finally revealed.

In the darkness you can discern the light.
Go and strive for it with all your might!

The sun awakens

When the game becomes harder,
it just means you were smarter!

Because the previous level you've completed.
So now a higher level of difficulty is needed.

But now pat yourself on the back.
And stop painting everything so black!

You've made the journey this far!
Now you just have to realize who you are!

The old night and darkness is almost gone.
But your personal morning has already begun!
