Mouth and nose protector

Mask yourself if you are not educated!

Stay ignorant and do as you are dictated.

Keep your distance when you're controlled.

Do not argue with anyone, just be cold!

Do not leave your house, as the covidiot's say,
and don't let your children go out to play!

Equip little babies with a faceshield!

Until their mouth can be sealed.

Don't question anything and obey every command!

Don't get the idea that all this could be planned!

If the money becomes worthless, stay remain quiet!

And keep on with your proviso oxygen diet.

Drain your brain of as much oxygen as possible.

Just wear your mask! It's fully plausible!

Unit detection

We live in the middle of the holiest!

There's no need to feel loneliness!

We are what is and what was forever!

Who understands this is really clever!

Each individual is part of the whole!

To recognize this truth is the goal!

No matter what you ever observe.

Every straight line and every curve!

If you stand in front of someone else,
be aware he's composed of the same cells.

But even the chair and also the table!

Everything is wearing the same label!

We are all created and born from the one!

We are all children of the most holy sun!

No matter with whom you argue or disagree!
To recognize unity, that is the important key!

Society exit

Now follow only your inner voice!

This is one of the wisest choice.

Don't let the outside tell you anything!

That way you will become a real king!

No one can defeat your sacred kingdom,
because you don't need anymore an income.

Neither do you need a single donation,
because you live in the middle of creation.

Recognize your uniqueness and simply wake up!

That way you will survive the final breakup.

Afterwards, everything will be united again.

The whole spectacle is only in your brain.

Your thoughts exists for the creation!

They never changed their real location.

Determination

Your words are something unique!

They're able to break the peak.

This is how the world is shaped and guided!

You can unite what was once divided.

You are gifted and blessed by fate!

You are able to surpass every rate.

Everything comes together at one spot.

You may believe it or you may not.

Reality has been waiting for you a long time.

You're able to bring a long yearned peacetime.

You already carry everything necessary within you.

You just have to think how fate should continue!

Nothing can change your predetermined way.

For you have seen through the eternal play.

Cognition and insight

Even if the path seems tough.

No burden will be heavy enough.

Your power is endless and immense.

You do not need any kind of defence!

Your thoughts are boundless.

And your actions are soundless.

You walk the path everyone is looking for.

And you're able to go through that door.

Material things will just come to you.

Just hold on to the eternal true.

All matter is dominated by your mind!

Just go on while you stay nice and kind.

In retrospect, everything will make sense.

And no one will experience a real offence.

The Hobo King?

A homeless hobo on his spiritual ways?
Becoming someone who no longer obeys.

I want to go new ways like a drum major!
I want to be free and live within nature!

I want to be one of the first to awaken!
Even if in the end I am completely mistaken.

My inner voice is so clear and distinct.
I just have to follow that ancient instinct!

I don't know the way or even my destination.
But in the end I'll feel that natural relation.

Many more will follow this sacred path.
Because it's the only way, just do the math!

Do you want to go on working for cash?
And wait at home for the financial crash?

The whole earth has already been bartered away.
They're just waiting for your personal decay.

Tagged, subjected and torn from the creation,
they'll claim their loot soon in every nation.

But grab into the pocket of a naked man,
even it's still part of their end time plan.

The last will become the first!
And the richest will be the worst.

The good will again be considered good.
And in the end eradicate falsehood.

What is all this worldly possession?
It only causes more and more aggression.

Everything is only illusion and deception!
Only through fear they create an exception!

You live in the holiest temple ever!
And into it they can break never!

You are!

You are truly holy and unimpeachable!

Your awareness level is unreachable!

You are in control of your imagination!

You've experienced it as a sensation.

You can live soon from your own light!

It already shines unmissable bright!

Nothing could ever outshine you!

Your light creates everything anew!

Like a rose you will soon bloom.

You will give the biggest boom!

The holiness will be reborn within you!

Your biggest dream is coming true!

The world will celebrate this event!

You're the one who spread an unique scent.

Live vegetarian!

It is written: Thou shalt not kill!
Not a single man or even an animal!

Meat ruins the body and the soul!
And slaughterhouses harm the whole!

Do not eat any kind of dead bodies!
Even if it's advertised by lobbies!

No animal wants to die or be killed!
Otherwise you'll swallow a huge guilt.

Every living being has an holy mind.
Don't be so stupid, reckless and blind!

Live on without eating rotten meat!
And pay attention to what you eat!

To go or not to go?

What would you do if you were immortal?

Would you then search for the one portal?

Would you strive for higher things?

To end up spreading your wings?

Or would you succumb to worldly pleasures?

Accumulate power in an unimaginable measures?

Accumulating women, money and property?

And end up in a craze of full snobbery?

You are chosen from an infinite multitude.

Everything and nothing you have viewed.

You are someone who stands above all these vices!

You're aware that one fights for it at all prices.

The ascent is not given to you, you take it.

And your destiny, you cannot escape it!

The Alphilosophical Way is the supreme!
And it was initiated by the holy beam.

Alphilosophy for beginners

Far above alchemy stands the alphilosophy.
It contains everything and is the true anthology.

Everyone's history and wisdom is accessible.
But in language it's not easily expressible!

But one can have access to everything!
That was known by every past Sun King!

For this reason not everyone gets an easy access!
Because you can loose everything or have success.

Only true masters reach this level of awareness!
Because you see everything in its pure bareness.

Shortly the Sun King will awaken again!
And true justice will once more reign!

He's connected to everything and knows every detail!
His sacred powers will be out of any known scale!

All time is only an illusion! It can still take years!
When he awakens, there will be shed joyful tears.

About the evil we do not need to talk any more!
Because for the golden age he opens the door!

Illusory time

Soon faith becomes true knowledge.

Like a fantasy turns into a sketch.

The hidden will be revealed.

And the sick will be healed.

The good comes again to the top.

And the evil will be stopped.

The sacred change is taking place.

To put an end to a senseless chase.

The good will reign once again.

It'll break every evil chain.

In the end everything will be clear.

The day of change is drawing near.

Up to the top

I rise above all the harmful radiation.

I am the inventor of this narration!

I will turn the tide and every fate.

I will pass through the holiest gate.

Which illusion wants to prevent this?

And who could ever act against this?

No poison in the world has enough potency!

My thoughts work with the greatest efficiency!

Clear the top because I'm coming!

You can hear my mind already humming.

Outside and inside

He, who is inside himself not satisfied,
will also not find happiness in the outside!

No matter where you go or what you do,
you always take your inner self with you!

You have always to question your intentions,
also consider honest your inventions.

Only Self-reflection and positive thoughts,
release all your blockades and inner knots.

Become aware of unity and connection.
This will give you the highest protection.

Then everything will work out for you.
Then you're able to feel only the true.

A new light

Within me lives the divinity.

I'm the origin of the Trinity.

The outside world is created by me.

With all this might I'll now align me.

Everything is in the same place!

Only my perception sorts the space.

My spirit is the most powerful tool!

My power of imagination is like a jewel.

There is nothing that I could not achieve!

This is my conviction and not only a belief!

I can live on light and see in the dark.

Because inside me glows an eternal spark!

A new age is what I'm going to proclaim.

Thus I'm going to set it now in flame!

Keep your body always clean.

To create the master gene.

Do the same with your mind.

It'll be unity that you find.

Create no suffering and no pain!

And you'll enter the holy terrain.

Just hold on to your inner tune!

To receive the greatest boon.

Many will not understand this path.

For their thoughts are full of wrath.

The inner intention produces the result.

In former times this knowledge was occult.

But this holy change can no longer be stopped.

The rise of consciousness is no longer blocked.

Whoever decides to do so has a lot to think about.
But in the end will disappear every single doubt.

A king wakes up

I will live completely without time.

And also completely without a dime!

Only my own words and poems I will read.

Not longer influenced from others, I'm freed.

I only receive the naturally streams.

And I only enjoy my own dreams.

Every new day is only mine alone.

Everything before my eyes is my own.

But I claim nothing, I let everything grow!

I try to feel that holy and eternal flow.

I'll teach those who really want to learn.

And only their success will be what I earn.

I ask for nothing and want nothing!

Because in my world I'm now the true king.

Spiritual master

I now announce the rapture!

It will be the last chapter.

Soon what has been written begins!

So that the good in the end wins.

While everyone despairs and evil grows.

Truth still hidden in poetry and prose.

The last awakening will take place.

A stray man comes out of the maze.

He is the one who knows everything.

Finally he awakes to the new sun king.

All the sneaky evil can only surrender.

And bow down in front of his splendour.

True faith is to know!

I feel this restlessness within me again.
Change is coming along with it, but when?

No information satisfies me anymore.
And especially not a boring game score.

The machine in front of me loses its effect.
None of the information is really correct.

I know the truth I find only in myself.
And also not in an outer bookshelf.

But the whole world wants to stop me.
And everyone would like to rob me.

This is my reality and I am a real creator!
I was once small but now I'll become greater!

I soon know every detail and the whole system!
So who could resist my light and wisdom?

When I wake up, the new time begins!
It will be a golden age without sins.

If someone else wakes up before, that's fine too!
We'll share the absolutely same point of view!

We will clean up here and end the grief!

We will revive together the true belief!

To new heights!

Every poem is like a strong vibration.

Every poem creates an inner sensation.

Reading them makes your mind vibrate.

And positive thoughts are suddenly played.

Your oscillation is increased.

And old truths will be released.

In this way the world is changed!

And inner harmony is rearranged.

No one can stop this transition.

Poems spread a sacred cognition.

And if the vibration is high enough,

it will float up in the sky like a dove.

Know thyself!

Above the entrance gate of the Temple of Apollo,
there is a sentence that everyone should follow!

It was written by the first of the seven sages.
And has been preserved through the ages.

He who finds and acknowledges its truth,
will find more than just eternal youth.

Those who seek the truth will find it sometime.
He'll be able to fathom the depth of every rhyme.

Nothing can stand in the way of this fact.
For he has seen through the eternal act.

Question all your actions and intentions!

But I know the solution is very near.

And thus I continue to go my way.
It would not be advisable to stay.

Every movement is only a deception.
Everything is created by my perception.

And yet - I'll walk and wait patiently.
In the end I'll accept the gift gratefully.

Whatever is waiting at the end of the path.
I'll walk full of confidence and without wrath.

But it's also where all the pollution is.

He who's attentively exploring his awareness,

Real education

The truth stands without a protection.

But the lies don't know any connection.

A discussion is not a battle of swearwords!
And yet many choose these despised swords.

Uneducated people always insult others.
And never recognise their own brothers.

They are inwardly separated and divided.
By underhand lies and fear they are guided.

Only the more reasonable argument can win.
But rejection and ignorance are a real sin!

Clever people always let themselves be taught!
And again and again question each single thought.

The eternal truth makes you free deep within.
Only with it you can truly succeed and win.
